

HARSTRA

Function

The trolley is an option for our drying cabinet F12. This trolley has place for a total of 4 baskets and 6 SCBA's.

Description

For the trolley AF64, it is supplied with 4 baskets A03 (standard basket with grid 40x40mm) and has 6 pins for hanging SCBA's

After filling the baskets and hanging the SCBA's the trolley can be rolled into the F12 drying cabinet to dry. After drying, the trolley can be rolled out to transport the baskets and SCBA's to the workshop.
