# HARSTRA

## Function

This support frame can be used to place your Wash 9 washing machine or M18 drying cabinet on a higher level.

## Description

The stainless steel frame A13 can be used to place your washing machine Wash 9 or your drying cabinet M18 on an ergonomic height and not directly on the floor. This frame has a closed bottom and side walls for storing cleaning agents and tools. These items are stored and hidden from view by the stainless steel swing door at the front of the frame. The support frame is 67cm high and provided with 4 adjustable feet.
